I have assigned your two properties for guaranteed liquidation to the registered broker in the United States, Regal. They will be forwarding all the necessary documents and be speaking to you the first week of January. Please remember that there is a one time fee for liquidations of timeshare properties plus for any registered weeks not used the amount of rental liquidation would be \$1500 less the maintenance fee of \$650 during the duration of the agreement.

It was great having you in Cabo!

Best,

Freddy Magid
