Good Afternoon Freddy,

Hope you have had a great holiday season so far and once you arrive home to your family in a few days that it will be even so much better.

Just wanted to update you on conversations with Veronica from Regal Resales & Rentals, she informed us that since we already had an account set up with them, that she could switch the Velas timeshare from a rental directly into a resale. She also asked for information on our Grand Mayan timeshare which we provided to her. She stated she now has all the information needed to list both properties. I asked if she would be sending any further paperwork and she stated no.

You had mentioned that we'd receive paperwork in the mail which we'd need to sign and return. Will there be anything further needed? What will happen now?

Thanks again for all your help Freddy and have a very safe trip home.
